Message from the Principal

Dear Readers,

Greetings!

It is with great pleasure that I present a chronicle of our school's achievements, celebrations and other significant events. 2023 is a special year for DPS Kolar Road, as we mark ten glorious years of existence. Growing from strength to strength, since its inception, the school's greatest accomplishment has been to see its students ride the road of much deserved success, and to see them exercise profound wisdom in their actions, maintaining clarity of thought, and feel a deep-seated urge to change the world. This is a matter of great joy and pride and here I would like to put on record my heartfelt gratitude for the wishes, trust and support that we received from all our stakeholders.

The corridors of the school ring with cheer and joy of the decadal celebration, as students showcase their multifaceted personalities through different in-house and inter school competitions and events. A special event has been planned for the 5th of every month this session to mark this special year.

At DPS Kolar, we believe that the learning process is important because it results in new knowledge — knowledge that opens our minds to new perspectives, ideas, beliefs, cultures and solutions. It is our sincere endeavour and promise to all our students, to work towards ensuring a future for them that is brilliant and bright.

In the words of Martin Luther King Jr., "Intelligence plus character — that is the goal of true education."

I wish all of you a happy and fruitful year ahead.
